Robert L. Hodgkinson, Chairman & CEO, is pleased to announce the appointment of Dr. R. Marc Bustin to our Board of Advisors. With over 30 year's experience, Dr. Bustin is a Professor of petroleum and coal geology in the Department of Earth Sciences at the University of British Columbia, President of RMB Earth Science Consultants and a Principal of CBM Solutions Ltd. He has broad experience in the realm of fossil fuels in both research and his consultancy practice.

Mr. Hodgkinson states "Dr. Bustin has extensive practical and technical experience with North American unconventional hydrocarbon reservoirs. This is of particular appeal to Dejour at this time. His expertise and scientific resources are invaluable as we finalize our commitment to projects of this nature."

Dr. Bustin is a past recipient of the A.L. Leveson memorial award from the AAPG and received the Thiesson Medal from the International Committee for Coal Petrography in 2002 for his contributions to coal sciences/organic petrology. In 2003 he received the Sproule Award for contributions to the study of unconventional gas resources. He is an elected Fellow of the Royal Society of Canada.

Dr. Bustin received his PhD in geology in 1980 from the University of British Columbia and is a registered Professional Geoscientist in BC. He is or has been an associate editor of the Canadian Society of Petroleum Geology Bulletin, Sedimentary Geology, International Journal of Coal Geology and the Canadian Journal of Earth Sciences and is a member of the International Congress on the Carboniferous and Permian (ICCP), American Association of Petroleum Geologists (AAPG), The Society for Organic Petrology (TSOP) and Geological Society of America (GSA). He has published over 150 scientific articles on fossil fuels.

Dr. Bustin's professional experience includes:

- Mobil Oil Canada
- Gulf Canada Resources
- Elf-Aquitaine (France)
- CSIRO (France)
- CNRS (Australia)
- Consulted and functioned as a director and technical advisor for a variety of small through large petroleum companies in Europe, Africa, North America and Asia.

The company has granted stock options to purchase up to a total of 50,000 common shares in the capital of the company. These options, subject to regulatory acceptance, are exercisable at a price of \$0.66 per share, will vest over a three-year period.
